

BRAINERD DAILY DISPATCH.

VOLUME 5, NO. 287.

BRAINERD, MINN., WEDNESDAY, MAY 9, 1906.

PRICE TWO CENTS

SEEK THE CZAR'S LIFE

TERRORISTS AND REVOLUTIONISTS FLOCKING INTO THE RUSSIAN CAPITAL.

POLICE TAKE PRECAUTIONS

MAKE EVERY POSSIBLE EFFORT TO SAFEGUARD THE LIFE OF THE EMPEROR.

St. Petersburg, May 9.—Although there are few surface indications of the fact, an earnest duel is in progress between the police and terrorists and revolutionists who are thronging to the capital alert for an opportunity to strike Emperor Nicholas or other marked men gathered here for the opening of the duma. Precautionary measures on an extensive scale have been taken. The police have been reinforced by the keenest men from interior cities. The railroads are being watched diligently but a search of the baggage of three members of parliament was the only public incident in the campaign during the day. Several terrorists were so quietly bagged that the general public is not aware of the arrests.

In order to safeguard the emperor in his passage up the river Thursday, the time of his arrival and departure is being kept secret. The Nicholas palace bridges, through draws of which the imperial yacht must pass, will be closed to traffic from daylight until the departure of the emperor. The public will not even be admitted to a long distance view of the yacht from the palace of the admiralty or the quays lining the river front, admission to which and to the palace square will be by ticket only. The prefect of police in an order issued during the day and worded, in contrast with former notifications, in the most polite terms, asks the public to keep moving while in the streets and concludes that "in order to avoid encounters which might cast a shadow over the solemn day processions and demonstrations will not be permitted."

The Speech From the Throne.

According to present plans, the speech from the throne will give the Constitutional Democrats no point for criticism in the parliament's reply. The speech will not touch on politics or suggest programmes. It will simply be a greeting to the emperor's new co-laborers in legislation.

Troops and the police dispersed a second meeting of the Economical society during the evening. Several members of the national assembly who protested against the dispersal of the meeting narrowly escaped being bayoneted.

The danger of an early conflict between the government and parliament has been greatly increased by what has happened within the past twenty-four hours. The good impression produced by the official intimation of the new premier that the emperor and the government sincerely were desirous of working in harmony with parliament, has been largely dissipated, and in its place the old feeling of mistrust has been revived. The Liberals are utterly dumfounded, in view of the semi-official assurances on the subject, by the unexpected promulgation of the obnoxious fundamental law in a slightly modified form.

At one stroke it put an end to the claim which the new cabinet tried to foster, namely, that the downfall of the Witte cabinet was due to imperial disapproval of the original draft of the law.

ANDREW CARNEGIE ASSISTS.

Steel Magnate Helps to Lay Cornerstone of Big Building.

New York, May 9.—Andrew Carnegie and Mrs. Carnegie assisted during the day in the laying of the cornerstone of the fourteen-story building in West Thirty-ninth street, which is to be the joint home of three national engineering organizations—the American Society of Mechanical Engineers, the American Institute of Electrical Engineers and the American Institute of Mining Engineers. Mr. Carnegie gave \$1,000,000 for the erection of the building.

Ignatieff Not Assassinated.

St. Petersburg, May 9.—There is no foundation in fact for the report telegraphed from Kiev that General Count Alexis Pavlovich Ignatieff had been assassinated. General Ignatieff is in St. Petersburg.

Bulgarians Massacre Greeks.

Salonica, May 9.—A Bulgarian band during the day massacred fourteen Greeks between Karamitsa and Nianstia. Several horsemen wearing Bulgarian uniforms killed three Greeks at Ligovan.

REGULATIONS MORE SEVERE.

Bread Line at San Francisco Constantly Grows Smaller.

San Francisco, May 9.—With the increasing severity of regulations for the "bread line" General Greely has hopes of soon eliminating from the relief lists a large percentage of the persons now receiving free food. It is becoming more difficult every day for able-bodied men to secure their army rations. When a healthy looking man presents himself he is frequently confronted by an offer of employment and if he refuses to take work he is denied relief.

The women also must prove beyond doubt that they are "in need of assistance." Tickets good for only a few days are furnished them and at the expiration of the privilege they must again demonstrate their destitution. Already there is a big increase in the daily output of supplies and the officials expect that by June 1 their labors will be practically ended. It is anticipated that when the savings banks are opened for payments to small depositors there will be a further decrease of those who are now forced to beg sustenance from the stations.

In order to avoid official complications and to prevent individual distress Governor Pardee ever since April 18 has been daily declaring legal holidays, thus preventing foreclosure of mortgages and postponing payments of other obligations that might otherwise fall due. The banks of the interior were fearful that a sudden cessation of his proclamation might cause a panic and on their behalf Mr. Pardee was asked for information. The governor declared that he would give five days notice before the close of the holiday period.

The sale of liquor in neighboring counties is causing the San Francisco police much trouble.

Counterfeiters are at work and the city is flooded with bogus 25 cent pieces. The coins have a scorched and dull appearance as though they had passed through the conflagration.

REPORTS TO THE PRESIDENT.

Secretary Metcalf Tells of the Conditions at San Francisco.

Washington, May 9.—Secretary Metcalf of the department of commerce and labor returned to Washington during the day from San Francisco. At the cabinet meeting in the afternoon he discussed the situation with the president and his fellow members.

Secretary Metcalf explained to the president and cabinet that the reports of the devastation wrought by the earthquake and fire were not exaggerated and that the work of relief must continue for some time. He praised the army for its efficient work and said that Dr. Devine has done and is doing everything possible. He was emphatic in commending E. H. Harriman of the Southern Pacific, who, he said, in addition to affording the facilities of his road, had given largely of his personal funds and assisted otherwise in the work of relief.

In discussing the situation with a press representative, Secretary Metcalf said that the destruction of the California cities and towns furnished a great object lesson to architects and builders. It was proven conclusively, he said, that steel structures best withstood shocks and fire and that granite under intense heat is practically worthless. The opportunity also was afforded, he said, to judge of the staying qualities of certain kinds of building material and interior finishes.

MORE MONEY IS NEEDED.

Half a Million Dollars Necessary to Meet Conditions in San Francisco.

Washington, May 9.—The president during the day endorsed and transmitted to congress a letter from Secretary Taft recommending the appropriation of an additional \$500,000 to meet conditions at San Francisco.

Secretary Taft's letter shows that of the \$2,500,000 appropriated for San Francisco \$2,405,333 has been expended, or contracts have been made which will consume that much. The expenditures are divided as follows: Quartermaster's department, \$1,741,664; subsistence department, \$329,435; medical department, \$301,539; signal corps, \$15,000; mileage, \$14,695.

Estimates were given of the cost of returning troops to their stations and the letter also gives transportation charges on all supplies and estimates for replacing supplies taken from army posts for use in California.

Mississippi Negro Lynched.

Jackson, Miss., May 9.—Sam Sims, a negro, who on Sunday morning killed the horse upon which Constable Lamar Hendricks, who was attempting to arrest him, was riding, was taken from his captor Monday night and lynched near the public road about six miles west of here.

Harriman in New York.

New York, May 9.—E. H. Harriman arrived here at 10 o'clock p. m. on the Empire State Express on the New York Central and Hudson River railroad, having made the journey from San Francisco in the record time of 71 hours and 27 minutes.

SENATE IN CONFUSION

CONSIDERATION OF THE ELKINS AMENDMENT THE CAUSE OF THE TROUBLE.

SUBSTITUTES TOO NUMEROUS

ADJOURNMENT TAKEN WHILE EX- ACT SUBJECT BEFORE SEN- ATE IS UNKNOWN.

Washington, May 9.—Aside from a few minutes devoted to the reception of the Allison amendments to the railroad rate bill and a half hour given to routine business, the senate devoted its entire session during the day to an ineffectual consideration of the Elkins amendment prohibiting common carriers from engaging in mining coal or in the production of other commodities in competition with shippers. The body adjourned at 5 o'clock in a state of great confusion as to the exact subject before it. The disorder was due to the fact that a number of substitutes for amendments to the original amendment were offered. During the day the senate decided that under the agreement the chair can entertain a motion to lay on the table. It refused, however, by a vote of 29 to 49 to lay the Elkins provision on the table. That amendment and the various modifications will therefore be in order when the rate bill is taken up in the morning.

The perfected Allison court review amendment to the railway rate bill, as it was introduced in the senate during the day by Senator Cullom of Illinois on behalf of Mr. Allison, will have the votes of practically the entire Republican membership of the body. The only vote in doubt, so far as can be ascertained, is that of Senator La Follette of Wisconsin, who appears to have lined up with the most radical of the Democrats on all questions of moment in connection with the bill. Conservative senators announced that the court review plan agreed upon by the Republican senators and approved by President Roosevelt will be satisfactory to them.

NAVAL APPROPRIATION BILL.

First Fifteen Pages of It Read for Amendment in the House.

Washington, May 9.—The house of representatives devoted the day to the naval appropriation bill and accomplished the reading for amendment of the first fifteen pages. Several topics incident to the measure were discussed, including the difficulty of obtaining enlisted men in the navy, the location of the naval training station on the Great Lakes, the cost of smokeless powder and, finally, the necessary expenditure of \$100,000 a year for chains for ships. The last matter was under consideration when the house adjourned.

Representatives Loud of Michigan and Grosvenor of Ohio offered amendments providing that the purchase of such supplies as chains, anchors, cordage, etc., shall hereafter be by competitive bids. Representative Rixey of Virginia was unsuccessful in getting an amendment through limiting the cost of smokeless powder to 60 cents a pound. He stated that the price now paid is 75 cents, but that an inquiry by the naval committee showed that it costs but 35 cents to manufacture the powder. The army appropriation bill was sent to conference with all of the senate amendments disagreed to. The house adjourned at 5 o'clock.

AUTO HITS A STREET CAR.

One Man Killed and Three Others Badly Injured.

Cleveland, May 9.—As a result of a collision between an automobile and a street car at Scoville and Woodlawn avenues just before midnight, R. D. Robertson is dead, and John Chambers and H. Boone are seriously injured and may die.

The dead man and those who were injured were in the automobile, which carried six men. The machine was going at a high rate of speed and crashed into a street car which was standing at the corner. The machine was wrecked. No one on the street car was hurt.

The accident, it is supposed, was caused by the chauffeur's losing control of the automobile.

Boy Killed in Elevator.

Duluth, May 9.—Tony Runca, aged fifteen years, a messenger in the employ of the Western Union, was fatally injured during the day by a freight elevator in the O'Brien & Knowlton block. He was off duty at the time and alone in the elevator. It is supposed that he started the lift himself and lost control of it. He was caught between the car and one of the floors and terribly crushed.

ROSE AGAIN ELECTED.

Former Mayor of Kansas City, Kan., Once More Chosen.

Kansas City, Mo., May 9.—William W. Rose, Dem., who resigned the office of mayor of Kansas City, Kan., recently, pending state oyster proceedings against him for nonenforcement of certain laws, and who was later ousted by the supreme court, which disregarded his resignation, was re-elected mayor by 1,600 plurality over E. E. Vernard, Rep., and David Harris, Socialist, at a special election during the day.

The issue of the election was the enforcement of the prohibition and anti-gambling laws. Rose was supported by the element which believes that the best interests of the city demand the licensing of joints and gambling halls, as they maintain that a strict enforcement of the law against such places deprives the city of necessary revenue. Many women voted and most of them supported Vernard.

The question of Rose's right to hold the office will now be tested. The supreme court held that its action in ousting Rose rendered him ineligible at this time. Rose contends that as he had resigned before the supreme court acted in his case, the ouster proceedings against him were ineffective.

DR. FRANK POWELL DEAD.

Famous Indian Scout Dies Suddenly on Train.

El Paso, Tex., May 9.—Colonel Frank D. Powell, a famous Indian scout known as "White Beaver," died on a train eastbound from Los Angeles. His body was taken from the train here and an inquest was held, a verdict of death from heart disease being found. Colonel Powell had been in charge of Colonel William F. Cody's interests at Cody, Wyo., for several years.

La Crosse, Wis., May 9.—Dr. D. Frank Powell, who died on a train near El Paso, Tex., is a former leading Wisconsin resident. He was mayor of La Crosse for three terms in the 90's and was twice the nominee for governor on the Labor and Populist ticket. He organized and commanded a regiment of immunes during the Spanish war. For many years he was a surgeon and scout on the plains and afterward conducted an extensive medical practice at La Crosse and St. Paul.

BODY CUT TO PIECES.

Pittsburg Man Slashed to Shreds by Revolving Shears.

Pittsburg, May 9.—Challoner Dickson, twenty-seven years old, was cut to pieces by revolving shears at the McKeesport Tube plant during the day. Dickson was in charge of the machine and in some manner his hand became caught in the machinery. He attempted to draw it out but the shears slowly drew his hand deeper into the jaws of the machine. Before the machinery could be shut off Dickson had been dragged into contact with the shear blades. The machinery was finally stopped and the body was removed in fragments.

CRUSHES HIS BROTHER'S SKULL.

Aged Ohio Man Then Ends His Own Life With Poison.

Richmond, Ind., May 9.—A tragedy was enacted some time during the night seven miles northeast of Richmond in Preble county, Ohio. Isaac Mackey, sixty-five years old, crushed the skull of his brother, David Mackey, seventy-five years old, with a hatchet, and then took poison in an effort to end his own life. The assailant died at 7 o'clock p. m. and his victim is not expected to survive the night. The men were found lying on the floor of their home.

Minnesota Pythians.

Minneapolis, May 9.—The grand lodge, Knights of Pythias, opened its thirty-fourth annual convention here with 250 members from different parts of the state in attendance, and Thomas H. Hinefine, after being installed as grand chancellor, presided at the opening session. C. S. Barrman of St. Paul was elected grand chancellor. Other officers were elected as follows: G. V. C., William Mallgren, St. Peter; G. P., Rev. Carl R. Taylor, Fergus Falls; G. K. R. S., Fred E. Wheaton, Minneapolis; G. M. E., Charles W. Farrell, Minneapolis; G. M. A., David Fisher, Montevideo; G. I. G., Harry C. Higgins, Albert Lea; G. O. G., Joseph Kahn, Faribault; grand trustee, William R. Hodges, Sleepy Eye.

Battleship Uninjured.

Washington, May 9.—A message was received at the navy department during the day from Rear Admiral Harrington, commanding the navyyard at Norfolk, saying that the battleship Rhode Island, which ran aground off York Spit Sunday, is now lying off Yorktown uninjured.

Distinguished Porto Rican Drowned.

San Juan, P. R., May 9.—Felipe Cuebas, collector of customs, was drowned during the day in Mayaguez harbor. He was a distinguished Porto Rican politician and planter and suffered persecutions in Spanish times on account of his advocacy of American institutions.

STORE NEWS

A very pretty line of fans are shown for the first time today.

Those choice styles that are so acceptable as a gift. We purchased these of a New York importer who has a reputation for showing correct new ideas.

See our window display of art needlework. It is an authoritative showing.

Ever since we opened our store we have been the acknowledged leaders in art needlework as in every other line. The window display will show you some very clever conceits. If a nice evening, stroll past our store tonight.

Of course you know that the black and white ribbons are much worn. See our new ones.

New York is full of them, which tells of the popularity of them. We have them in all widths for the hair and sash. Reasonably priced too.

If you are contemplating the purchase of a coat or cravenette you will find our showing interesting.

Interesting for two reasons; the styles are neat and natty and the prices are much below value as we have repriced some of our very good numbers of which we have too many.

H. F. MICHAEL CO.

AFTER AN EXCITING CAMPAIGN.

Election on the Island of Guadeloupe Closes Quietly.

Pointe-a-Pitre, Island of Guadeloupe French West Indies, May 9.—The election closed quietly May 6, after a very exciting campaign, during which there was considerable rioting, with the election of MM. Gerault-Richard and Legitimous to the French chamber of deputies. The precautions taken by Governor Poullouche resulted in the maintenance of order throughout the colony on the election day. The only disturbance reported occurred in this town, where Rene Boineuf, a candidate for re-election to the general council, shot and instantly killed a man named Madere, who had been protesting against Boineuf's candidacy. This caused a disturbance during which Boineuf's residence, from which he fired, was sacked and several small houses belonging to him were looted. Boineuf also wounded other citizens, one of whom died later. He was arrested along with fifteen other persons. In Boineuf's house the authorities found arms and ammunition.

All is quiet here.

FOR BENEFIT OF UNION LABOR.

Movement on Foot for the Organization of a Life Insurance Company.

Cincinnati, May 9.—That a movement is under way for the organization of a life insurance company for the benefit of union labor developed during the discussion of insurance in the convention of the Commercial Telegraphers' Union of America here during the day. The matter has been left to the Telegraphers, who will report to President Compers of the American Federation of Labor. It was announced that all members of labor unions will be asked to withdraw from the old companies and to give support to a proposition to amalgamate all labor insurance moneys into one huge fund. The suggestion has already been presented to several other labor organizations and favorably considered by them.

Shake Up in the Lumber Trade.

St. Louis, Mo., May 9.—According to a report by Secretary Smith at a session of the sixth annual convention of the National Lumber Manufacturers' association, the destruction of San Francisco will cause a shake up in the lumber trade and will affect the entire territory west of the Mississippi river.

Sultan's Troops Lose Heavily.

Portsay, Morocco, May 9.—Sharp fighting has occurred on the banks of the Muluya river between the pretender's forces and the sultan's troops. The latter, in endeavoring to cross the river, lost thirty killed and many wounded.

Two Killed in Election Dispute.

Sartena, Corsica, May 9.—Two men were killed and two wounded in an election dispute here during the day.

Tornado in Michigan.

Ann Arbor, Mich., May 9.—A tornado accompanied by an electrical storm did \$10,000 damage here during the day. The Methodist church steeple was struck by lightning and burned. Most of the wind damage was in the valley of Allen's creek, the Cornwell coal sheds suffering heavily.

Heavy Snow in Wisconsin.

Milwaukee, May 9.—A special from Plainfield, Wis., says: A furious May snowstorm prevailed over Central Wisconsin during the night and day, equaling a winter storm. Eight inches of snow fell.

BASEBALL SCORES.

National League.

At Pittsburg, 3; Chicago, 2.
At Philadelphia, 1; Boston, 7.
At Brooklyn, 4; New York, 5.

American League.

At Boston, 4; Philadelphia, 11.
At New York, 3; Washington, 8.

American Association.

At St. Paul, 0; Toledo, 3.
At Kansas City, 1; Indianapolis, 2.
At Minneapolis, 4; Columbus, 3—ten innings.

AIR IN HIGH ALTITUDES.

The Same as In Other Places, but It Contains No Microbes.

It is an error to think that the chemical composition of the air differs essentially wherever the sample may be taken. The relation of oxygen to nitrogen and other constituents is the same whether it is on the heights of the Alps or at the surface of the sea. The favorable effects, therefore, of a change of air are not to be explained by any difference in the proportions of its gaseous constituents. The important difference is the bacteriological one. The air of high altitudes contains no microbes and is, in fact, sterile, while near the ground and some hundred feet about it microbes are abundant. In the air of towns and crowded places not only does the microbe impurity increase, but other impurities, such as the products of combustion of coal, accrue also.

Several investigators have found traces of hydrogen and certain hydrocarbons in the air, especially in pine, oak and birch forests. It is to these bodies, doubtless consisting of traces of essential oils, that the curative effects of certain health resorts are traced. Thus the locality of a fir forest is said to give relief in diseases of the respiratory tracts. But these traces of essential oils and aromatic product must be counted, strictly speaking, as impurities, since they are apparently not necessary constituents of the air.

Recent analysis has shown that these bodies tend to disappear in the air as a higher altitude is reached until they disappear altogether. It would seem, therefore, that microbes, hydrocarbons and entities other than oxygen and nitrogen, and perhaps also argon, are only incidental to the neighborhood of human industry, animal life and damp vegetation.—Chicago Chronicle.

Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.

Royal Baking Powder helps the house wife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.

Royal is the greatest of bake-day helps.

ROYAL BAKING POWDER CO., NEW YORK.

THE DAILY DISPATCH.

Sheriff Riddel, of Walker, is in Brainerd today on his way to the twin cities. He says everyone is unprofitably good in Cass county at present.

Mrs. Joe Scharfen, of Northeast Brainerd left today for Pittsburg, Pa., to spend the summer. She was accompanied as far as St. Paul by Mrs. Joe Murphy.

Dr. Courtney left for St. Paul today. John F. Murphy, of Forest Lake, Minn., returned home today after a few days' visit at the home of his uncle, F. J. Murphy.

Three logs tumbled off a log train almost in front of the depot this forenoon. There was no damage done but it was a close call for a switch engine coming up another track.

The funeral of Emrik Uddenberg took place at the Swedish Lutheran church this afternoon and was largely attended. The interment was in Evergreen cemetery.

A lodge of the Independent Order of Good Templars was instituted at Aitkin last Friday night by Rev. Mr. Stock land, of Little Falls, and Mrs. Otto Lundberg of this city.

The regular monthly meeting of the Commercial club occurs at the club rooms tonight. All members are requested to be present. Business session will open at 8 sharp.

Mrs. Chas. Swanson left today for Helena, Montana, for a visit. She was accompanied by her son. Chas. went to Staples with them to see them fairly started on the long journey.

When the baby talks, it is time to give Hollister's Rocky Mountain Tea. It's the greatest baby medicine known to loving mothers. It makes them eat, sleep and grow. 35 cents, tea or tablets. H. P. Dunn & Co.

Mrs. R. E. Tuttle and little one left today for Minneapolis to join her husband who went there about a week ago. They will make their future home in that city. Grandma Tracy went down with them and will visit there for a few months.

In the case of Young against the Northern Pacific railroad company, which was tried before Justice Milligan, of Crow Wing yesterday, the defendants introduced no evidence and the plaintiff was given a verdict for the amount claimed. The claim was for cows killed by the train.

Mrs. B. L. Sewell, the noted temperance lecturer of the W. C. T. U., will lecture in Deerwood M. E. church, Thursday, May 17, at 8 p. m. Mrs. Sewell is a very fluent speaker, a clear reasoner, and holds her audience spell bound. A collection will be taken. Everybody is invited.

They had a lost boy scare for a few minutes at St. Joseph's hospital last night. Five-year old Harold Curo has the freedom of the house and grounds and when he was missed because of his silence inquiry was made and no one had seen him. After some search he was found asleep on a bed in one of the upstairs rooms.

Mrs. J. W. Jennings, housekeeper for F. S. Parker at Parkerville, received a telegram from her son in St. Paul this morning, asking her to come at once. As he had been sick and there was thought to be need of an operation she presumed that was the reason of the telegram. She left for there today accompanied by another son.

Mr. Harry H. Miner, a well known helper in the Brainerd boiler shop, left this noon for Royalton where he will be united in matrimony to Miss Nina Peterson of that city. The happy couple leave at once for Portland, Oregon, where they expect to make their future home. Mr. Miner's many friends extend their most hearty congratulations.

August Carlson, a lumber jack, was up in the probate court yesterday to be examined as to his sanity. The board consisting of Drs. Bachellor and Reimstad and Judge Sanborn decided that the Fergus Falls asylum was the proper place for him. Deputy Sheriff Engman took him to Staples, where he turned him over to Sheriff Erickson, who was on his way home from St. Paul. Mr. Erickson took Carlson on to Fergus

EMINENT EDITOR DIES IN ST. PAUL

SPECIAL TO THE DAILY DISPATCH:

St. Paul, Minn., May 9, 1906.—Joseph A. Wheelock, for many years editor of the Pioneer Press and a conspicuous figure in American journalism, died at his home in this city at eight o'clock this morning, aged seventy-five years. Mr. Wheelock spent the winter in California leaving there last week in excellent health. Arrived in this city exhausted by the trip and owing to advanced age failed to rally.

Falls and Mr. Engman returned to this city.

J. E. Meyers, state agent of the Aetna Insurance company, and F. M. Wheeler state agent of the accident department of the same company, were in the city today en route to Walker where the preliminary hearing of one Meek or Meek, is held tonight. Meek is accused of having collected premiums after being discharged from the employ of the company. Messrs. Meyers and Wheeler also hope to enjoy some fishing while up the country.

REFUSED TO SIGN

Chairman of School District No. 56 Refused to Sign Order for Teacher's Pay.

A writ of mandamus has been applied for by J. C. Hessien, of Aitkin, as attorney for Joanna Callahan, to compel John Brunen, director of District No. 56, situated in Dean Lake township, Crow Wing county to sign an order given by the clerk of the district to Miss Callahan. Miss Callahan entered into a contract to teach a certain length of time and received a part of her pay, but the chairman refused to countersign the order given her by the clerk of the district, amounting to \$30, for the balance claimed to be due. The writ is returnable before Judge McClenahan at Aitkin May 12th. In the papers filed no clue is given to the reason of Mr. Brunen for refusing to sign.

REAL ESTATE TRANSFERS.

The following are the real estate transfers recorded for the week ending May 8, 1906:

George Andrews and wife, et al to Chas. A. Maine, May 2, wd. n $\frac{1}{2}$ ne $\frac{1}{4}$ and sw $\frac{1}{4}$ of ne $\frac{1}{4}$ of 15-134-28..... 2 720

NORTH RIPLEY

Mr. Stanton left for Staples Monday. Miss Louise Kappel is on the sick list. Mrs. Arthur Dougherty was a Lenox caller Friday.

J. H. Northrup came down from Brainerd last week.

Roy Andrews went to Staples to visit his sister, Miss Mary Andrews.

Deputy Game Warden Saunders was in this neighborhood last week.

Mr. and Mrs. Saul Schamp, of Fort Ripley, passed through this vicinity last week.

The Misses Anna and Rose Schlagel spent Sunday at Mrs. Herb Flansberg, St. Mathias.

Bernie Putman and his sister, Mrs. M. Hutchinson, visited Mrs. M. Schlagel Sunday afternoon.

John Chisholm returned Monday from Long Lake where he had been visiting with his parents for a few days.

A number of young folks were out hanging May baskets one night last week. That is right boys and girls come again.

A certain young lady in this vicinity visits at A. Leighton's quite often. Now Harry the next time she calls you had better escort her home or perhaps she will not call again.

ANOTHER FELLOW.

All kinds of job work neatly executed at this office.

ESDON ETCHINGS.

Mrs. M. L. Hammett spent the past week at Bay Lake.

Mrs. Buhl and Anson Orr were callers in Esdon Monday.

Miss Lucy Bennett spent a few days with her sister last week.

There was a dance in honor of Clarence Avera Tuesday evening.

Miss Finis Bennett and her sister Lucy went to their home at Brainerd Saturday.

W. C. Rosenkranz has gone to Brainerd to work in the shops. He intends moving his family into town soon.

There was nothing to the dance at the Grave Lake hall Saturday evening on account of the disagreeable weather.

On Thursday last there was a rather severe wind storm. Mr. Gergan's grainery and blacksmith shop were blown entirely down.

Mrs. W. C. Rosenkranz and little daughter Harriette, are visiting at the home of her parents, Mr. and Mrs. M. L. Hammett this week.

School closed last Friday for the summer. There was a picnic at Mrs. Hunt's, the Bay Lake and the Esdon schools joining. A pleasant day was passed.

A SPECIAL CORRESPONDENCE.

Mr. and Mrs. George Williamson
Write Back from Battleford
Some Good Advice

BETTER STAY WITH UNCLE SAM

Prices are High and Advantages
Of the Country are Grossly
Exaggerated

THE DISPATCH is in receipt of the following letter from Mr. and Mrs. George Williamson, who recently went from Crow Wing county to make their eternal fortune in the great, much advertised Saskatchewan country. Everyone having the most remote intention of leaving Northern Minnesota for the King's dominion will do well to read and ponder over the letter which is given in full below:

Battleford, Saskatchewan, May 5.

EDITOR BRAINERD DISPATCH:

When we left the states we promised to write and tell the folks what kind of a country it was here, and so we are going to do so. We arrived here the 19th day of April and there was not a room to be had and board for a child was \$1.50 a day and nothing very good at that. People by the hundreds are arriving here every week and no hotel room to accommodate them. They are laying out doors and going back just as fast as they can sell their things off. Everything is so high priced a poor man has no show whatever. Butter is not to be had at any price and eggs are 25 cents a dozen. Coffee is 45 cents a pound and carrots \$1.20 a bushel. Potatoes are \$1 a bushel. Bread is ten cents a loaf and oranges are five cents apiece. Flour is \$2.75 a hundred and poor at that. Oats are from 60 cents to 80 cents a bushel and everything else is equally high.

And such weather! It has either rained or snowed every day since we came, except one, and after June they do not have any rain at all. It always freezes up about the 14th day of Oct. and now, the 5th day of May all the gullies and rivers are filled with snow and ice and it is still snowing.

As far as its being a farming country is concerned, there is not enough good land in one tract to have many neighbors. The land sharks charge from \$25 to \$100 for locating a man on a farm. There are going to be lots of people from the United States who will spend their all coming here. And when they get here what will they do? They will just have money enough to get back with and then they will have to be helped. The Canadian government is a fraud.

Hoping no more will allow themselves to be fooled into coming here we remain as ever,

True Americans,
MR. AND MRS. GEO. WILLIAMSON.

LARGE CONGREGATIONS

Dr. Robertson Addressed Three Large Meetings Yesterday—Much Interest is Manifested.

Three large congregations greeted Dr. Robertson yesterday. The morning prayer meeting in the Y. M. C. A. was a Pentecostal meeting indeed. The Spirit's presence could be felt throughout. This meeting Christians cannot afford to miss.

In the afternoon the First Baptist church was well filled. Dr. Robertson gave the second sermon in the series on "The Deepening of the Spiritual Life," which was a marvel for its simplicity and helpfulness. He stated that the great lack of today is a sense of sin by way of the Throne.

In the evening the First Congregational church was crowded and the people listened with intense interest from the beginning to the end of Dr. Robertson's sermon, which was one of great power. He is truly scriptural, fearless in his work and practical in his application of God's word.

We would suggest that the ladies do their shopping before three and after four o'clock each day during this mission so that business men may have a chance to attend the afternoon meeting, which will be held in the M. E. church the remaining part of the week.

Evening services will be in the First Congregational church. Come one, come all.

FEET BADLY FROZEN

Solomon Alberts, Former Brainerdite
Has Part of His Feet Amputated
In Alaska

Harry Paine, secretary of Unity lodge, I. O. O. F., has received a letter from the secretary of the Dawson City Odd Fellows lodge stating that Solomon Alberts, formerly of Brainerd and still a member of Unity lodge, is in a hospital in Dawson. His hand and feet were badly frozen so that all of his toes and a part of each foot had to be amputated. Mr. Alberts left Brainerd for the Klondike at the time of the first gold craze.

I commenced herding cows for the season in Spencer's pasture.
J. N. TIFFE.

A Pleasant Surprise

A very pleasant surprise party was given at the home of Mr. and Mrs. William Holden, 410 Pine street last evening, the event being in honor of their daughter, Mrs. Dr. Rodwell, of Cass Lake, who is visiting in city. The evening was spent in playing progressive cinch. Mrs. Darby won the head prize, Mrs. Norton the second, N. Barber the third and Mrs. Rodwell the booby prize. Dainty refreshments were served and a very pleasant evening was spent by all. There were about twenty guests present.

Why We Advertise Henderson Corsets

It does not pay us to advertise a poor article

To urge, advise and recommend that you buy some inferior article hurts us, because you will remember the injury we have done you, because you have a degree of confidence in us and we cannot afford to push an unsatisfactory item. This applies to corsets with perhaps greater force than with any other article of wear. And we advertise HENDERSON CORSETS because while the profit is small, the satisfaction to the wearer is great and second sales come without an effort on our part. Women know a good thing when they have tried it. We carry in stock a full line of sizes of all the new models at the following prices:

\$3.50-\$2.50-\$2.00-\$1.50-\$1.25-\$1.00-50c

Volo

Perfect in Every Detail

Although every part and principle of the sewing machine has been studied, improved and perfected to make the Volo the best and easiest running machine on the market, other features for general convenience have not been neglected.

On one side there are two dust proof drawers of equal depth. On the other a shallow drawer contains spindles for spools and an emery cushion. Beneath this drawer is a deeper one in which an oil can may be stood upright. The body of the machine is dust proof so that in standing the dust cannot penetrate it and reach the head. It has roller-bearings and is adjusted with the most painstaking care; the result is, the Volo is the fastest sewing, easiest running and most convenient for every use, and does work that cannot be equalled with any other machine in the world. The stand is highly finished in black with the finest Japan, and in addition is finished with a high grade varnish.

The Volo represents perfection in material, workmanship and efficiency.

Price, \$40.

Every Volo fully guaranteed.

Weighty Professional Endorsements.

That the several American medicinal roots, the concentrated glyceric extracts of which make up Dr. Pierce's Golden Medical Discovery, have the strongest kind of endorsement by scores of leading medical writers of all the standard works on *Materia Medica* will show. Of Golden Seal root, which is one of the prominent ingredients of "Golden Medical Discovery," Dr. Roberts Bartholow, of Jefferson Medical College, says: "Very useful as a stomachic (stomach) tonic and in atonic dyspepsia. Cures gastric (stomach) catarrh and headaches accompanying same." He also mentions catarrh of the gall duct, jaundice and constipation as diseases which the use of Golden Seal root overcomes; also catarrh of the intestines, even when it has proceeded to ulceration, is remarkably benefited by Hydrastis (Golden Seal root).

Dr. Grover Coe, of New York, says: "Hydrastis (Golden Seal root) exercises an especial influence over mucous surfaces. Upon the liver it acts with equal certainty and efficacy. As a cholagogue (liver invigorator) it has few equals." Dr. Coe also advises it for affections of the spleen and other abdominal viscera generally, and for scrofulous and glandular diseases, cutaneous eruptions, indigestion, debility, chronic diarrhoea, constipation, also in several affections peculiar to women, and in all chronic derangements of the liver; also for chronic inflammation of bladder, for which Dr. Coe says "it is one of the most reliable agents of cure."

Prof. Hobart A. Hare, M. D., of the University of Pa., says of Golden Seal root that it is "of service in chronic catarrh of the stomach and bowels, following abuse of alcohol, and as a tonic after malarial fever." He further says, "It has a distinct anti-cathartic influence." Also "good in all catarrhal conditions, as uterine catarrh, leucorrhoea, etc., and as a curative agent in chronic dyspepsia."

Prof. Laurence Johnson, M. D., of the Medical Department, University City of N. Y., is equally loud in his praise of Golden Seal root, especially for its tonic effects in convalescence from acute diseases and its special tonic influence upon mucous surfaces and upon the gall bladder.

Doctors Barton and Tully recommended Golden Seal root as a pure tonic and as an alternative in diseased conditions of the mucous membranes.

Prof. John King, M. D., late of Cincinnati, author of the *AMERICAN DISPENSATORY*, gives it a prominent place among medicinal agents, reiterates all the foregoing writers have said about it, as does also Prof. John M. Scudder, M. D., late of Cincinnati. Dr. Scudder says: "It stimulates the digestive processes and increases the assimilation of food. By these means the blood is enriched, * * * the consequent improvement on the glandular and nervous systems are natural results." Dr. Scudder further says, "In relation to its general effect upon the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic, useful in all debilitated states * * *."

Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of Golden Seal root: "It is a most superior remedy in catarrhal gastritis (inflammation of the stomach), chronic constipation, general debility, in convalescence from protracted fevers, in prostrating night-sweats. It is an important remedy in disorders of the womb." (This agent, Golden Seal root, is an important ingredient of Doctor Pierce's Favorite Prescription for women's weaknesses, as well as of the "Golden Medical Discovery.") Dr. Ellingwood continues, "In all catarrhal conditions it is useful."

Much more, did space permit, could be quoted from prominent authorities as to the wonderful curative properties possessed by Golden Seal root.

We want to assure the reader that "Golden Medical Discovery" can be relied upon to do all that is claimed for Golden Seal root in the cure of all the various diseases as set forth in the above brief extracts, for its most prominent and important ingredient is Golden Seal root. This agent is, however, strongly reinforced, and its curative action greatly enhanced by the addition, in just the right proportion of Queen's root, Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure glycerine. All of these are happily and harmoniously blended into a most perfect pharmaceutical compound, now favorably known throughout most of the civilized countries of the world. Bear in mind that each and every ingredient entering in the "Discovery" has received the endorsement of the leading medical men of our land, who extol each article named above in the highest terms. What other medicine put up for sale through druggists can show any such professional endorsement? For dyspepsia, liver troubles, all chronic catarrhal affections of whatever name or nature, lingering coughs, bronchial, throat and lung affections, the "Discovery" can be relied upon as a sovereign remedy.

By reading the little book noted below any one will readily see the applicability of the "Golden Medical Discovery" to the cure of all the foregoing list of diseases as well as many other chronic affections, especially those of the heart, kidneys, bladder, skin and blood.

A little book of extracts treating of all the several ingredients entering into Dr. Pierce's medicines, being extracts from standard medical works, of the different schools of practice will be mailed free to any one asking (by postal card or letter), for the same, addressed to Dr. R. V. Pierce, Buffalo, N. Y., and giving the writer's full post-office address plainly written.

In cases of chronic ailments, attended by marked, or persistent, constipation, Dr. Pierce's Pleasant Pellets should be taken conjointly with the use of the "Golden Medical Discovery," to regulate the bowels. They act in harmony with the "Discovery" and will be found to be a most valuable laxative or, in fuller doses a cleansing cathartic.

Podophyllin, the active medicinal principle of Mandrake root, enters largely into the composition of the little sugar-coated "Pellets," in fact is one of their chief ingredients. They regulate the liver, stomach and bowels.

BACK TO THE MINES

ANTHRACITE MINE WORKERS TO

RETURN TO THEIR LABORS
IN A SHORT TIME.

RATIFIES THE AGREEMENT

CONVENTION AT SCRANTON AP.
PROVES COMPACT WITH THE
MINERS OWNERS.

Scranton, Pa., May 9.—Work will be resumed by the mine workers throughout the anthracite field Thursday morning. The repairs and any others necessary to prepare the collieries for general operation will report for work during the morning. This was decided upon at the closing session of the convention held during the afternoon. At the morning session the agreement entered into Monday between the operators and the sub-scale committee was formally ratified.

A few of the radicals took the floor when the motion to ratify the agreement was made and urged that the suspension be turned into a strike, but they were hopelessly in the minority. The convention adopted resolutions condemning the state constabulary and urging the mine workers as an organization to take an active part in state legislative politics.

President Mitchell was not present during the earlier proceedings of the convention. When he entered the hall he was vociferously applauded and was called upon for a speech. He said: "Some are inclined to believe that because we have not secured an advance or any improvement in the conditions of employment, that we have not accomplished anything, but I believe that you have taken the most advanced step in the history of this movement."

"You have secured what you have never before had—a signed agreement with the operators. I am convinced that if the United Mine Workers maintain the strength and solidarity of their organization that three years hence the railroad presidents will ask you to make an agreement with them."

There was a tremendous outburst of applause when Mr. Mitchell sat down. The convention adjourned sine die immediately after.

Mr. Mitchell will leave here during the afternoon for Indianapolis.

PROPOSAL IS REJECTED.

Bituminous Miners Refuse to Accept Terms of Operators.

Chicago, May 9.—The "peace" convention of the bituminous coal operators will open here during the morning with the knowledge that negotiations with the United Mine Workers looking toward a settlement of the strike are at an end. A telegram was received from President John Mitchell during the day rejecting the last arbitration proposal of the mine owners.

Plans are being made to send a delegation to Washington to ask President Roosevelt to take action to end the strike in the bituminous fields.

SOME UNDERGROUND WORK.

Being Done With a View to Ending Strike on the Lakes.

Cleveland, May 9.—Some underground work with the view of ending the longshoremen's strike, which has been on since a week ago Monday night, is being done, but on what basis or with what success cannot be learned.

The dock workers' end of the trouble, which has practically tied up the ore trade at this end of the route, except at Buffalo, will be the first to be settled, and agreements with the other unions that are affiliated with the longshoremen's association will soon follow.

President Keefe of the longshoremen arrived from Detroit during the day and was in conference with the ore and coal handlers. Captain O'Connor, president of the Licensed Tugmen's Protective association, and President Stack of the Marine Firemen, Oilers and Water Tenders' union, are here. They came from Buffalo during the afternoon.

The last two named unions are affiliated with the longshoremen's association and it is understood that the presidents of all the unions connected with the big organization will soon be here.

President Livingston of the Lake Carriers' association arrived from Detroit during the evening and most of the members of the executive committee are in the city. A meeting will probably be held soon.

Schaefer Defeats Slosson.

Chicago, May 9.—George Slosson, the champion 18.2 billiard player, was defeated here during the evening in the professional tournament now in progress in Orchestra hall, by Jake Schaefer, by the score of 500 to 495. Slosson's failure to get the balls out of balk when he had but five points to go cost him the game.

Occasions Much Comment.

Vienna, May 9.—The news of Emperor William's forthcoming visit to Emperor Francis Joseph occasions much comment in political circles here, which attribute it entirely to the Moroccan conference.

BAR ASSOCIATION

Crow Wing County Bar Association

Held Regular Meeting at the Commercial Club Rooms

There was a regular meeting of the Crow Wing County Bar association at the rooms of the Commercial club Tuesday evening. It was the first meeting at which Judge Holland, the president of the club, had been present and he treated the members to a talk on the history of the bar of Brainerd. It was largely in the way of personal reminiscences for of that history the Judge could truthfully say, "for all of this I have seen and part of it I have been." Members of the bar present speak very highly of the talk, which was hardly formal enough to be called an address, but the more enjoyable because it was not.

The principal business taken up was the establishment of a fee bill for the guidance of the members. The matter was discussed extensively, but was laid over for final action until all of the members were present.

Menace to Passing Vessels.

Detroit, May 9.—The steamer Robert Wallace, passing up the river during the evening, reported a derelict schooner near Southeast Shoal Lightship, Lake Erie, which is a menace to passing vessels. The derelict is probably the waterlogged schooner from which the Steamer Fayette Brown rescued three men and took them to Erie, Pa.

When the Raven Was Milk White.

According to Mohammedan belief, the ravens which Noah took with him on the ark were both pure white. When the ark had been riding the billows of the flood for thirty-three days one of the gaffs died, and the carcass was thrown overboard. No sooner had it struck the water than the ravens pounced upon it. For this Noah cursed them, and since that day they have been coal black.

The Disappointment.

May—it was too bad that Miss Trills disappointed the audience at the amateur performance. Elsie—But she didn't. She was able to appear after all. May—Yes, but it was generally supposed that she would not be able to appear.

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Brainerd women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Brainerd woman's words:

Mrs. John C. Beck, of 615 Maple St., Brainerd, Minn., says: "The merits of Doan's Kidney Pills are second to no other kidney medicine. Mr. Beck suffered with his back and kidneys for a long time. There were continual pains and an annoyance from a disturbed condition of the kidneys. He tried one treatment after another but always without noticeable benefit. Doan's Kidney Pills were so highly recommended that he decided to try them and procured a box at H. P. Dunn & Co.'s drug store. It proved just the remedy he needed for the benefit was prompt and effective from the first dose and a continued use of Doan's Kidney Pills entirely eradicated the whole trouble."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

MARKET QUOTATIONS.

CALUMET Baking Powder

A perfectly healthful powder made by improved chemical methods and of accurately proportioned materials.

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

Demand Military Dictatorship.

Moscow, May 9.—The congress of reactionary nobles during the day adopted an address to Emperor Nicholas demanding the introduction of a military dictatorship to put a stop to terroristic attempts and to restore tranquility to the country.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

Prince and Princess of Wales Return.

London, May 9.—The Prince and Princess of Wales arrived during the evening from Portsmouth, where they landed on their return from India. They were greeted here by King Edward, the Duke and Duchess of Connaught and a distinguished gathering, while great crowds gathered about the station.

Low Priced Atlas

An up-to-date Atlas of the Northwest and the Orient for \$1.00. The Northern Pacific Railway Company will send an Atlas of the Northwest, very complete in detail, to anyone upon receipt of price named. This is a recent compilation and data, maps, illustrations, etc., are reliable and from best sources.

A. M. Cleland, General Passenger Agent, St. Paul, Minn. 264tf

Don't be fooled and made to believe that rheumatism can be cured with local applications. Hollister's Rocky Mountain Tea is the only positive cure for rheumatism. 35 cents tea or tablets. H. P. Dunn & Co.

Bad men live that they may eat and drink, whereas good men eat and drink that they may live.—Socrates.

It is some compensation for great evils that they enforce great lessons.—Bovee.

TEMPERANCE BRIEVITIES.

Moral Venetia is again showing considerable sobriety.

The nineteenth annual session of the Southern conference of the Unitarian church opened Tuesday night at Louisville, Ky.

At Pueblo, Colo., deputy sheriffs turned into a crowd of riotous strikers and killed Mike Merino and wounded two other strikers at the Pueblo smelter.

Secretary of the Navy Charles J. Donaparte went driving Tuesday, it being the first time he has been out of the house since his recent attack of acute indigestion.

Epilepsy Fits St. Vitus Dance

Are nerve diseases, and unless checked, lead to destruction of both mind and body. The weak, shattered nerves must have something to strengthen and build them back to health. Dr. Miles' Restorative Nervine is a remarkable nerve tonic and stimulant. It strengthens the nerves, relieves the nervous strain, and influences refreshing body-building sleep and rest. Persistent use seldom fails to relieve these afflictions.

"I was taken with epileptic fits; had eleven in less than 12 hours. My father sent for our family physician, but he could do very little for me, and I grew worse every day, and at last they had three doctors with me, and I still got worse. My father heard of Dr. Miles' medicines and bought a bottle of Nervine and a box of Nerve and Liver Pills. I had taken only a few doses until I began to feel better. I took 12 bottles, and it cured me sound and well. It has been worth all the world to me. I recommend it wherever I go. You may use this as a life-long testimonial to the merits of your medicine, for I am enjoying the best of health, and feel that my life and health is due to this wonderful medicine." R. F. D. No. 2, Boston, Ga.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Miles Medical Co., Elkhart, Ind
